

Practical 7: Using Google Drive / OneDrive

Aim:

To upload and organize files in cloud storage.

Objectives:

- To manage files online
- To share files securely

Materials Required:

- Google Drive / OneDrive account

Procedure:

1. Create folder “Unit 3 Practical Work”

Open Google Drive or your file manager and create a new folder named “**Unit 3 Practical Work.**”

This folder will store all files related to the practical.

2. Upload documents

Click the **Upload** option and select the required documents from your device.

The files will be saved inside the main folder for easy access.

3. Create subfolders

Inside the main folder, create additional subfolders to categorize your documents.

This helps keep your work organized and easy to locate.

4. Share main folder with View only

Right-click the folder, choose **Share**, and set the permission to **View only** for others.

This allows people to see the contents but prevents them from editing or deleting files.
